Chicago, IL 60643

Dear Bill:

Please find enclosed the return of 36 of the 39 mounted polaroid photographs representing works of John R. Sinnock that were in the Joseph Lepczyk Sale, #41, September 29, 1981, highlighted in pink on your form.

I have retained three, highlighted in yellow, to copy for the Sinnock study. These represent;

#41 Penn. Museum & School of Industr. Art, the Alumni Assn., Seal.
#417 As above, Exhibition Award Medal, portrait.
#443 Howard Wiswall Bible portrait plaque.

Sorry for the long delay in returning these, but as I explained I hadn't done much on the Sinnock study until recent months.

It will be a few weeks for me to have the three copied... but you'll get them.

Thanks for their use, as promised a credit will be suitably noted.

As ever,

Neil

TOTAL COLOR: TOTAL BLACK & WHITE:

Please count and acknowledge receipt by signing and returning one copy. This count will be considered accurate if copy is not received by return mail.

In response to your request by Neil Harris ANA dated 4/14/83 enclosed please find XXX39 photographs. Please handle them with care as you are responsible for their condition until they are back in my hands. I would appreciate your returning the photos which do not meet your present requirements within the next two weeks, if possible. After this time a $25.00 research fee goes into effect, to be voided if a purchase order is received within 30 days of original presentation, or if other arrangements are mutually agreed upon. If you need to keep your final selections for further considerations, please contact me. Thank you for your cooperation.

TERMS OF DELIVERY:

1. From the moment you receive these photographs until they are back in my hands you are fully responsible for their condition and handling by your staff, your associates, your subcontractors, and your clients. If photographs are lost, destroyed, or damaged beyond reproduction quality your liability is approximately the cost of replacement. Lesser charges will be billed to you if returned photographs have light fingerprints or other surface marks that I cannot remove without damage.

2. You and other people under your responsibility must prevent fingerprints, scratches, and written marks of any kind from appearing on these photographs. Glue or sticky tape should never be put on photographs. Transparencies and negatives should never be handled near cigarette smoke or other chemical fumes, and should always be handled and stored in protective sleeves. Transparencies should never be exposed to sunlight and never be wrapped in rubberbands.

3. Please only use pencil when marking cardboard slide mounts, except where you are purchasing reproduction rights. If you have to remove transparencies from mounts for reproduction, please provide temporary protection for the film and return original mount with film as it may show important numbers or other data.

4. Please return photographs via registered or certified mail, United Parcel Service or bonded messenger. They should be insured for their full value. They should be packed in a strong, secure container with adequate inside packing. Please put transparencies in protective plastic covers and never wrapped in rubberbands. All shipments sent outside of the United States, should be sent by air.

5. Unless otherwise noted (by mutual agreement) all reproduction rights are on a one-time, North American rights only.

6. Please give each photo reproduced the following credit line, "photographer's name/or names, Nawrocki Stock ". When in doubt concerning a credit line, please check with me.

Dear Neil,

Just a quick note - as business has just pick-up (finally) and I'm busy for a change... I enclose the Original Poloroid pictures shot by Joseph Lepczyk in 81 of the Sinnock material.... please note I have not even entered the pics / nor had a chance to copy the images as yet...just acquired the images just over a month ago. The code / file numbers are entered but, my info lables are not as yet on the cards - 41 refer to the sale - the other # to the auction lot number for your ref. Please return these images as soon as you can. I'm sure, I have nothing to worry about these pictures as I know you appeciate there value...please note credit lines etc on my forms. If you have any questions, please call or write me... Excuse the note formatt but I just wanted to get these images off to you before it slips my mind again....Regards

Sincerely,

Bill

Dear Bill:

Thank you very much for the prints of the Sinnock material, I appreciate your efforts to get them to me.

You stated that they were shot at Lepczyk's...I am sure to photograph something like these are difficult on location. However, they look a little flat...are they copies?

At any rate, in regards to the original polaroids that were illustrated in the Lepczyk sale, I would be most pleased to copy them here...thus saving you the trouble. We have a 4x5 at the office, and I, recently, acquired a cherry Pacemaker Speed Graphic 4x5 complete with lots of extras that I could also utilize for the task. I appreciate your offer to loan them to me.

The Sinnock project progressing well...I have been fortunate to locate three of John's half brothers. Recently I spent a weekend in Raton, New Mexico with two of them and succeeded in getting access to a great many letters, family portraits, documents, newspaper clippings and a few medals. They have been a great help. I will meet with the third half brother in California following the San Diego Convention in August. Also, a niece in Arizona will be visiting me this summer...John tutored her some and it appears she has a great amount of memories to relate. I will be also traveling to Washington, D.C., Philadelphia, and New York for ten days in early June to accomplish more Sinnock research.

If I'm not mistaken, one of my assistants wrote you in regard to your articles...in case she hasn't -- we probably will select one or two for possible use.

Thanks again for your help and I'll look forward to you next communiqué.

Sincerely,

N. Neil Harris

Dear Neil,

After considerable delay, I am enclosing the long awaited Sinnock photographs I took at Lepczyks in Michigan. I must admitt I own a number of those pieces, but that is not for publication. On the Roosevelt Inaugural 1933 Piece, I have three specimens, two of which are uniface, the third complete and all have different surface treatments. I do have photographs of all three, if you need them, I will send them to you as I only included one set. As for other items in the Lepczyk sale, I have all the original polaroids pictured in the sale catalog. I still have not copied these as yet for you. One of the basic problems in these is that the original photographs tend to be a little solf and when copied tend to be a little solf. I will be trying a more contrasty film to hide hide this defect. If you really want to know the truth, the way to do it would be to copy the images on 4x5 - one to one and contact it. The weakness, I think, is in the blow-up of the copied prints. Alas, I have, would you believe no 4x5. I might have to borrow one as I wish to supply you with quality prints. As, a last resort, I could lend you the prints and you could have them copied at the A.N.A.. By, the way, how far are you along on the Sinnock project?

I have also enclosed a number of articles, some of which have already appearred in Coinage and others are still pending for publication. The Numismatist is free to use the articles, if you, let me know which one(s) and I will supply illustrations for them. At any rate, I'm sure you could use one or two. I hope to send you those additional prints soon - and I do mean soon.

Sincerely,

William S. Nawrocki ~~ASMP, ANA, NLG~~

Dear Bill:

Thanks for your recent letter and I certainly understand how busy one can get...I'm in that boat most of the time.

I will be most appreciative for the extra prints you mentioned you would be sending me for the Sinnock project. I will certainly be sure to credit all of the photographs to you.

At the Tucson covention the American Numismatic Association board officially recognized the Sinnock study as an ANA headquarters project, for which I am grateful. Additionally I have located three living half-brothers of John Sinnock and will be spending the next weekend with two of them who live in Raton, New Mexico, John's birthplace. The third lives near Los Angeles and I'll see him either before or after the San Diego ANA convention in August.

Bob Julian called me last night and mentioned taking in your presentation at C.I.C.F. yesterday and stated he enjoyed it very much.

Well, I guess that's all for now. I presume you'll be sending the prints sometime this next week, I'll remain anxious to receive them.

Sincerely,

Neil

Dear Neil,

Its been very hectic around here and often I think of getting those prints to you. I must apolige for the uncalled for delay on my part. Anyway, Neil, I shall ship you the prints plus more for your upcoming listing of Sinnock's work. I do not have a number of pics of some of the requested items, as the pieces held no interest for me. Don't despair, I have been able to borrow Joe Lepczyk's original art boards containing the the polroids of the pieces. These, I just received, and will be copying the photo's I do not have, for you. I will be enclosing a number of piss of trial pieces not sold in Joe's auction such as uniface surface trials of the 1933 Roosevelt Presidential Medal, a uniface Carter medal, and some trial shells of an Edison piece. Whatever, I have, I am willing to contribute extra for your personal use. These I will ship without fail after C.I.C.F. - around the 21st of March. Thank you for your patience. Also, I will ship you a number of articles... take care Neil, I will be gone next week in Philly to interview E. Jones, F. Gasparro, and G. Roberts, and to take pics at the Philly & Franklin Mints... another jammed pack week.

Sincerely,

William S. Nawrocki

Bill

Dear Bill:

I have been patiently awaiting receipt of the quantity of photographs that you promised from the Joseph Lepczyk auction sales of 1981 and 1982 relative to the work of John R. Sinnock, in return for the progression medal set that I sent you last summer for your exhibit in Boston.

If you're schedule is anything like mine, I am sure you have been very busy. However, I would be most appreciative if you could prepare the prints fairly soon that we discussed and to make your job easier and not to cause any further delay or question on what prints I really am seeking, the following is my list of twenty (20) prints that I would like to receive. From the September 29, 1981 sale I would like to receive prints of the following lots; 413, 414, 415, 416, 417, 419, 420, 422, 423, 424, 425, 427, 431, 433, 435, 437, 445, 449, 452; ffom the August 14, 1982 sale I would like only lot 104. You might be interested to know that since Boston I have been working very hard and long on the Sinnock epic. I now have a preliminary catalog that comprises forty-eight pages and lists over one hundred sixty (160) pieces that John Sinnock created throughout his careet.

Well, that's about all for now, I would certainly appreciate you preparing the prints at your earliest convenience.

Sincerely,

N. Neil Harris
